Board of Directors Meeting

January 19 2012

6:00 PM

## OPEN SESSION MINUTES

---

**Board Members Present** Sue Fogel, Diane Petteruti, Laura Reisinger and Ed Grabowski. Absent was Dan Crawford.

**Kinney Management Services Representative:** Debbie Tribioli

### Call to Order

The meeting was called to order at 6:02PM by Ed.

### Review and Approval of Previous Meeting Minutes

*Sue made a motion to approve the previous meeting minutes, Laura seconds, approved unanimously.*

### Financial Review

Laura reviewed the financials and read the balance sheet. Per the December 2011 financials the total liabilities and capital amount is \$348,722.15. All other costs are normal. Sue motions to accept the financials, Diane seconds, all approve.

### Crime Status / SRP Monthly Water Statement

Board reviews crime stats for the area over the past month. Board reviews the monthly water statement for Nov and Dec with no stipulations.

### Open Discussion

The community holiday decorations were very nice. Debbie to check with Seasonal Solutions on the location of the garland and wreaths. Homeowner comments that new plantings along the circle look great.

### New Business

- Board discusses the bid for granite replacement from Somerset for the community. At this time the board will table this until the next meeting.
- Board opens the floor for arbitration between the Frye's and Schneid's party wall dispute. Both parties are present for the arbitration. Mr. Roger Wood is the attorney for the Frye's and gives pictures of the wall damage from the Frye's side to the board members and to the Schneid's. Pictures showed many photos from the Frye's side and a couple of pictures from the Frye's side looking over the fence into the Schneid's yard where lawn in the back half and a garden in the front half of the backyard can be seen. The Frye's side has no trees, no irrigation and no plants along that wall area. In 2009 the Frye's had begun to notice the wall retaining water and reported it to Pete Kamboukis the Kinney Management Community Manager at the time. Pete informed the Frye's that this was to be regarded as a neighbor to neighbor issue, but that he would send a courtesy letter to the Schneid's. Mr. Wood inquires to the Frye's how long that wall has been retaining water, Mr. Frye responds about 2 years consistently. Mr. Frye also adds that he has taken photos from his side of the wall every day for the past 120 days. Mr. Wood asks Mr. Frye if he has ever spoken to the Schneid's about this issue. Mr. Frye says he has on numerous occasions, including giving them pictures but the issue has yet to be resolved. Mr. Frye describes the wall as deteriorating with alkaline coming thru the wall and it is crumbling at the touch. Mr. Wood states that he sent a letter to both the Schneid's and to the Oasis HOA board requesting this arbitration as a way to find a solution. Mr. Wood asks Mr. Frye if he had met with any contractors concerning a way to repair the wall. Mr. Frye indicates that he has, and he obtained 3 bids which are included in the information that Mr. Wood gave to the board and to the Schneid's. Each

contractor said the wall must be torn down and replaced and that if this continues the wall will not last and will collapse. The bid amounts are \$2500, \$4,000 and \$3780 and include 5 sections of wall and 4 pillars including new footings. Mr. Wood concludes by asking the board to come to a conclusion in favor of the Frye's with the cost of the repairs being the Schneid's responsibility. The Frye's also invite the board to come over and look at the wall in person. The board asks the Schneid's if they want to rebut any comments the Frye's have made, they do not. At this time the board invites the Schneid's to present their side. Mr. Schneid begins by sharing pictures with the board of him holding a scale against the wall on his side and applying pressure to the scale of between 100 and 120 pounds and the wall has no movement. They also provide a CD video with the same information. Mr. Schneid says that in 2008 or 2009 they made a landscaping change to their backyard which included sod and irrigation. They had some irrigation problems which caused a flooding in their backyard on 3 separate occasions due to faulty irrigation installation which they contacted the contractor immediately and the system was repaired. The board does recognize that the level of moisture seems to be higher in the garden area than it does in the back portion where the grass is. Mr. Schneid acknowledges that he would be willing to apply sealant to his side of the wall where the garden area is to prevent the moisture from leaching thru. Board President Ed Grabowski asks Mr. Schneid how often he waters the garden area. Mr. Schneid responds that he thinks it is every 2 days for just a few minutes and also informs the board that the irrigation for the garden is on a misting system. The garden area extends about 6 feet from the party wall into his yard. The garden irrigation system used to be on or attached to the wall but that was changed/removed from the wall several years ago. The board asks the Frye's or their attorney Mr. Wood if they have any questions for the Schneid's. Mr. Wood asks how deep the garden soil is, Mr. Schneid responds that he is unsure but that the garden is not raised. Mr. Wood asks what date the garden was installed, Mr. Schneid responds that was done shortly after they moved in. Mr. Wood asks if sealant was ever applied to the wall, Mr. Schneid responds no. Mr. Wood asks if there is any erosion on their side of the wall, Mr. Schneid responds no. Mr. Wood asks where on the wall the scale stress test was done, Mr. Schneid responds it was done about mid wall by the garden and again by the grass area. Mr. Wood asks if Mr. Schneid has ever had contractors look at the wall from his side, Mr. Schneid responds no. Mr. Wood asks if the landscape contractor they used for the backyard irrigation was licensed, Mr. Schneid responds yes. Mr. Wood asks if he ever made a complaint to the registrar of contractors on those landscapers based on the work they did, Mr. Schneid responds no. Mr. Wood asks if Mr. Schneid is not watering daily, then why is the wall wet all day every day, Mr. Schneid says he is not exactly sure of the watering schedule but he knows it is not every day. Mr. Schneid also states that he does not contest that there is a moisture problem. Mr. Wood says that concludes his list of questions for the Schneid's. Ed Grabowski just has one comment that the footer for the wall is made of concrete and concrete will not be damaged by water and should not have to be replaced. Ed also comments that the wicking of the moisture thru the wall is due to the wet garden soil. Treasurer Laura Reisinger makes a statement to those present that the board was not aware of this situation prior to receiving the letter from Mr. Wood. Mr. Schneid states that he did receive a courtesy letter in 2009 and corrected the lawn irrigation. Laura Reisinger asks Mr. Schneid if the Frye's ever asked them to come over and look at the wall from the Frye side, Mr. Schneid responds no. Mr. Frye states that he gave pictures of the wall to Pete and to Mrs. Schneid in 2009. Board agrees to physically look at the issue on Saturday January 28<sup>th</sup> 9am. At this time the arbitration is concluded.

### **Old Business**

- Board reminds those present that the community garage sale will be 2/11/12. Board asks Debbie to place an ad in the Arizona Republic and on Craig's list. Sue will handle the signs.
- Ed and Dan will place the flags for the new plants before the next meeting with the planting to be completed by the March meeting.
- Board plans for the lake plantings to be done in Sept/Oct and the granite to be replaced by the end of April.

- Ed says there was some regular maintenance done at the Elliot fountain involving no serious issues.

#### Crime Status / SRP Monthly Water Statement

Board reviews crime stats for the area over the past month. The Board reviews the March SRP water statement with no stipulations.

#### Open Discussion

Homeowner present makes the suggestion of community citrus gleaning and donating the picked fruit. Board agrees to put this suggestion in the end of the year newsletter. Anyone interested can contact Debbie.

Homeowner discussion about overnight street parking. Board explains that they are enforcing the CC&R's but are not prepared to take the violations legal as these are public streets and it may not be legally enforceable. Board does agree that and instructs Debbie to have any violation 3 notices for parking to be sent in a registered mail fashion. Board also suggests to the homeowner that they call the police as they are able to ticket especially for parking on the sidewalk and blocking driveways.

Discussion about a recently painted home in the community and that it does not blend in. Sue acknowledges that the home is different however she and Dan spoke to the owners prior to painting and it was approved. Sue to speak to the owners again and report back to the board next month.

Homeowners comment on how good the common area landscaping is looking.

#### New Business

- Board asks Debbie to have landscapers clean up the pet waste along Kenwood between Stephens and the canal on a weekly basis.
- Board asks Debbie to order 2 pet waste signs and 1 more pet waste station for the community.
- Board reviews the bids from Flynn Masonry for common area projects. Board declines bid for block pillar repair in the amount of \$510.00. #### Review and Approval of Previous Meeting Minutes

Sue made a motion to approve the previous meeting minutes with correction, Dan seconds, approved unanimously.

#### Financial Review

Laura reviewed the financials and read the balance sheet. Per the April 2012 financials the total liabilities and capital amount is \$371,887.58. Laura checked with Mutual of Omaha about coverage on FDIC and found out that the total is \$250K for all accounts combined, so the liquid reserves will need to be moved back to Wells Fargo. All other costs are normal. Dan motions to accept the financials, Sue seconds, all approve.

#### Crime Status / SRP Monthly Water Statement

Board reviews crime stats for the area over the past month. The Board reviews the April SRP water statement with no stipulations.

#### Open Discussion

Mr. Ronald Pies of 1920 Stephens addresses the board regarding the violation for foliage touching the view fence. Board explains that this is a maintenance issue that must be adhered to so that the fencing is not rusted or damaged. Mr. Pies further explains that the landscapers blew debris into his yard immediately following his own landscaper being there and when brought to their attention they were uncooperative and had attitude. Board asks Debbie to speak to them about this and show them the photos Mr. Pie brought. There is additional discussion regarding bulk trash pick-up. Debbie to check City of Tempe website and post info in the newsletter. Ms. Cheryl Foertsch attended the meeting to discuss with the board the shutters that she has at her home that were denied. Board reviews her request and agrees to treat these and future requests for shutters as "trim". Board then agrees to allow Ms. Foertsch to keep the shutters so long as they are painted the trim color of Chester Brown. Debbie to get a letter out to owner and a copy to Sue. Chuck reports that there is a valve next to the fire hydrant at Los Feliz and Anizona Parkway that is leaking. Debbie to report it to the City of Tempe.

#### New Business

### New Business

- Chuck discusses with the board his findings from the view fence walk around. Last time the repairs were done was about 4 ½ years ago. There are 8 locations that need replacement/welding, 44 locations with cracks in the block, 5 locations with loose face areas that need rebuilding, 40 locations with moderate rust which will require grinding and painting, 1 location that needs post replaced, 10 post caps that need to be replaced and 2 sections where they were never fully painting. Chuck to submit a bid to the board for review. Board suggests that a letter be sent to those homeowners who may be causing some of this damage from their side and to correct this.
- Seasonal Solutions is present at the meeting and the board discusses with them some of the lighting issues. There have been extension cords stolen and some strands have gone out. Renee says that she is in the community every other night to check on the lights and do repairs.

### Old Business

- Ed updates the board on the pump repair. It appears that a rock got stuck in the impellor and burnt up the capacitor. Dean is waiting for the cord housing and they will also be installing a cage housing around the impellor to prevent this in the future. Ed is continuing to work with Dean on this. Chuck to power wash the fountain.
- Alan spoke with the scout leader and they figure it should take about 150 to 200 hours of work. The cost would be \$1500 and would include raking and inventory and would include just the circle and not the entrances. Sue motions to use the Boy Scouts for \$1500, Dan seconds. All approve and Alan abstains. Work to begin in January. Board is aware of what can be expected from volunteer work.

**Next meeting:** Janaury 17 2013

### Adjournment

Dan motions to adjourn, Alan seconds. The meeting adjourned at 7:18 PM
